## AN INSIDER'S GUIDE

### WHAT IS THE VETLOAN ADVANTAGE PROGRAM?

Eligible veteran-owned businesses seeking SBA 504 financing can take advantage of the VetLoan Advantage program that allows Capital CDC to rebate a portion of the processing fee.

For all 504 loans funded to businesses with veteran ownership over 49%, Capital CDC will issue a maximum cash rebate of up to \$5,000 to help offset a borrower's loan expenses, including appraisal and environmental reports.

Spouses of eligible veterans, where the spouse's ownership is over 49% of their business or greater, are also eligible for the VetLoan Advantage program benefit (effective October 1, 2024 - September 30, 2025).
